

Abstract

The aim of this study is to provide a clear idea on corporal punishment at schools in the light of the Islamic principles derived from holy Quran and the Sunnat of the prophet Mohammed " Peace of Allah be upon him " and the opinions of the Muslim Scholars .

Recommendations :

1- Islam allows the use of corporal punishment only for the purpose of

discipline and behaviour modification and control .

2- Corporal punishment is not an end but a clear for disciplinary purposes .

3- Corporal punishment is based on well-known principles which direct and control its use .

4- Corporal punishment shouldn't be used before the age of 10 and after adolescence .

5- Corporal punishment in Islam is characterized by moderation, thoroughness, comprehensiveness , and balance , In addition , it clearly reflects the humanitarian aspect of Islamic education .
